(1) Cross out the unused lines. Keep the biennial inventory record at the licensed-registered location. (2) Schedule I and II drugs must be separated from all other drugs or placed on a separate form. (3) Unopened containers of same substance, manufacturer, volume, and concentration can be listed together. (4) List open containers as separate line items. (5) Measure in weight (powder or crystals) or volume (liquids) or number of units (tablets or capsules). (6) For opened containers: If the substance is listed in Schedule I or II, make an exact count or measure of the contents. (7) Finished form refers to the strength and form of the item as commercially prepared.
